The 2008 Muhlenberg County Needs Assessment Study identified the top two priority areas of community need as Economic Development and Youth Services. A Task Force of local representatives was appointed to advise the Felix E. Martin, Jr. Foundation Board of Directors on how best to address these areas. The Task Force is charged with identifying projects that will make a significant long-term impact in these areas. The Task Force's job is to develop and explore all ideas, then set priorities for the Foundation's Board of Directors to consider when making grantmaking decisions.

If you would like to propose specific ideas or projects for the Task Force to consider, please answer these questions on an attached piece of paper. Once completed, you may mail your form and responses to the Foundation at the above address or e-mail it to info@felixmartinfoundation.org.

TASK FORCE
Community Inquiry

Organization Name: _____

Address: _____

Contact Person: _____

Telephone: _____ Fax: _____ E-Mail: _____

Project Title: _____

- 1. Briefly describe your idea or project?
2. Who will benefit from this project?
3. The Foundation values collaboration and partnerships. Would any other organizations be a partner on this project?
